G4S provides:

- services for the Ketziot and Megiddo prisons in Israel to which Palestinians are transferred in breach of the Fourth Geneva Convention.
- the central command room at Israel's Ofer prison in the illegally occupied West Bank.
- systems at Israel's Kishon and Jerusalem detention centres where there is evidence that Palestinians are tortured

■ G4S must not support Israel's illegal Occupation and breaches of international law.
■ G4S must withdraw **NOW** from doing business in Israel and occupied Palestine.

Palestinian civil society has called for people of conscience across the world to support Boycott, Divestment and Sanctions against companies such as G4S. Get involved in the campaign against G4S and for freedom, justice and equality for Palestinians.
