

Sainsbury's:

Taste *the*  
Indifference

**I**sraeli settlements are built on stolen Palestinian land and are illegal under international law.

Sainsbury's uses suppliers that trade in products from illegal Israeli settlements.

**In April 2013, The Co-operative stated that in line with its ethical policy it would 'no longer engage with any supplier of produce known to be sourcing from the Israeli settlements'.**

Please ask Sainsbury's to follow the Co-operative's good example and to stop trading with suppliers which profit from Israeli settlements.
