

# **BOYCOTT** **TESCO BANK**

Tesco Bank has been taken over by Barclays. This means that **Barclays is operating under the Tesco Bank name and brand.**

Barclays is enabling Israel's genocidal assault on Palestinians in Gaza, and its attacks on Palestinians across their homeland.

It invests £2billion in, and provides financial services worth £6.1billion to, companies supplying Israel with weapons and military technology used in its attacks on Palestinians.

**We are calling on Tesco Bank customers to shut their accounts, and switch away from Tesco Bank insurance as soon as practicable to do so.**

Israel's genocidal assault on Palestinians in the Gaza Strip has killed many tens of thousands. Nowhere in the Gaza Strip is safe; entire residential neighbourhoods have been levelled, schools sheltering the displaced and hospitals treating the wounded have been hit. Over 90% of Gaza's population has been displaced, many time and time again.

Barclays is enabling Israel's war crimes through its financial ties to arms companies supplying Israel with weapons and military technology used to carry out its attacks.

Across Britain, thousands have shut their Barclays accounts in protest at the bank's enabling of human rights abuses.

We are calling on all Tesco Bank customers to close their accounts, and switch away from Tesco Bank insurance, as part of our call to boycott Barclays.

**Scan the QR code and pledge to close your Tesco Bank account or switch away from Tesco Bank insurance.**
