Role: PSC Youth and Student Committee – a voluntary position for young people

Palestine Solidarity Campaign (PSC) is looking for talented and enthusiastic young people under 30 to join its Youth and Student Committee (YSC). Working with the rest of the YSC, you will advise on PSC's campaigns and help expand our work with young people and students.

Joining the YSC is a great opportunity to be part of a dynamic team within a democratic organisation achieving significant victories for the solidarity movement, with opportunities to build your understanding of how campaigns are won, and to help build networks of young people who are organising in this area.

Key Responsibilities

- The YSC is an **advisory body** – you will be **consulted on PSC's strategies** for engaging young people and students during campaigns.
- You will be expected to join **meetings once a month**, chaired by PSC's full time Youth and Student Campaigns Officer. These will usually be held online, with occasional in-person meetings (if you are required to travel, travel costs will be reimbursed).
- You will help **build PSC's relationship with other groups and organisations** campaigning with young people or students in solidarity with Palestine.
- You will have opportunities to **contribute to our communications work** by being consulted on our online and social media communications.
- You will have opportunities to receive **training and support on delivering trainings to other young people** on PSC's campaigns.
- One member of the Youth and Student Committee will be **elected by the rest of the YSC to represent the YSC on PSC's Executive Committee**, feeding into high level strategic discussions about the organisation. If elected, you will receive appropriate training for this position.
